REACH Compliance Declaration

The European Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) entered into force on 1st June 2007 and candidate list updated June 2010, June 2012, Dec. 2013, June and Dec. 2014, June and Dec. 2015, June 2016, Jan. and July 2017, Jan. and July 2018, Jan. and July 2019, Jan. and June 2020, Jan. and July 2021, Jan. and June 2022, Jan. and June 2023, Jan., June and Nov. 2024, Jan. and June 2025.

Quartzcom AG is a manufacturer and distributor of electronic products, thus, in the sense of REACH, we are so called "downstream-users". The products we supply to you are solely non-chemical products (goods). Moreover and under normal and reasonably foreseeable circumstances of application, the goods supplied to you shall not release any substances. For that, QuartzCom AG is neither obliged to the registration nor to the creation of material safety data sheet (MSDS).

Furthermore, we will immediately inform you in correspondence to REACH – Article 33 if any substance of content (as from a content of <0.1 %) in our goods will be classified alarming by the European Agency for Chemicals ECHA (full list of the 250 SVHC please see: <http://echa.europa.eu/candidate-list-table>). Based on the current status, however, we do not expect such an incidence.

Regardless, we are committed to implementing REACH across our production lines in our own interest and to ensure a high level of product safety for our customers. We are in close contact with our chemistry and prepared material suppliers (e.g. those providing manufacturing supplies for the production, processing and workmanship of our products, or for use in other operational processes), and will implement the pre-registration and/or subsequent registration of the relevant materials in REACH, as part of our supplier qualification process.

QuartzCom AG
